Veranstaltungsnummer.....	53-608
Zeit.....	Do 10 - 12
Raum.....	Phil 1219
Beginn.....	7.4.2011

Description:

The purpose of this course is to help non-native English speakers improve their academic writing skills in English. Over the course of the semester, students will be assigned to write essays of varying lengths and formats on topics of their choosing. Class discussions will focus primarily on the students' individual essays, but also on specific grammatical and stylistic issues that are particularly challenging for non-native speakers. The issues can be discussed in class and adjusted according to students' individual needs.
