<p>Course description:</p> <p>In this course we'll read 20th century transatlantic short fiction written by both men and women to explore the ways gender -- understood as both a tool of analysis as well as a cultural problem- - can shed light upon these works. We'll also look at how the short story was influenced and transformed by a variety of literary movements as well as the ways in which it has been adapted to the film and television screen.</p>
