<b>Beginn:</b>	
<p>This seminar seeks to help students reach an advanced level of criticism and cultural analysis. We will engage with a variety of texts and media to explore the complexity of critical theory and we will discuss and establish concepts to analyze various cultural practices and productions (literature, film, etc.). Against the backdrop of our discussion of theory and culture, we will, amongst others, address questions of identity, reception, representation, interpretation, performativity, and media specificity.</p>
